## The MULTI-MONTI® TimberConnect from HECO Schrauben

[www.apтусfasteners.co.uk](http://www.apтусfasteners.co.uk)

### The perfect combination of screw anchor and wood screw

The innovative soleplate anchor MULTI-MONTI-TimberConnect combines the patented concrete thread with a HECO wood thread. As such, the MMS-TC guarantees the simple and safe connection of timber structures to solid masonry and concrete as well as timber joists/beams to concrete.
